

ORCHARD MECHANICAL

ORCHARD MECHANICAL

Orchard Mechanical's staff of trained technicians specializes in revitalizing HVAC infrastructures. We adjust systems to optimize their performance and replace them as necessary with state-of-the-art, energy-efficient equipment. We're also available for regular maintenance and emergencies 24 hours a day, 7 days a week. Your property's mechanical system is vital to its value. That's why our fully integrated, Leader in Energy and Environmental Design (LEED)-accredited mechanical team strives to make it thrive.

Preventative Maintenance

HVAC systems can be an asset or a liability to your building. Keep them running smoothly and you'll save thousands of dollars on operating expenses. Let them fall into disrepair and you'll spend thousands on unexpected utility bills and service costs. At Orchard Mechanical, we offer monthly, quarterly, and semiannual HVAC maintenance contracts to ensure your systems operate at peak performance.

Service Calls

Even with the best preventive maintenance, mechanical systems can fail. Orchard Mechanical offers 24-hour emergency service to get your systems up and running.

Green Building Services

Saving energy also saves money and helps protect the environment. Our LEED-accredited HVAC professionals can assess the efficiency of your HVAC systems and offer cost-effective solutions to lower energy consumption and waste, reducing your building operational costs over time.

Installations

Orchard Mechanical's trained contractors can outfit any space—from a server room to a multitenant office building—with a state-of-the-art and environmentally friendly HVAC system. Our project management team oversees every aspect of installation, ensuring that all repairs and maintenance services are performed competently and on schedule.

Orchard Mechanical's services include:

- Service maintenance contracts
- Service calls
- Emergency repairs
- Filter, belt, and fan replacement
- Unit replacement
- Air balancing
- Equipment surveys and inventory
- New unit installs
- Project management
- Green surveys
